### Citizen Request Tracker

Do you have any requests or concerns for the Town of Taber? Use this tool

to report any request you have for the town. Things such as streetlight repairs, flooding, potholes, missing street signs or any other concerns can be reported, and you will get updates on the actions the town takes to address your concerns. You will also receive a notice of when your request is completed. You can attach a photo to your request to show exactly what the request is about.

To access Request Tracker, visit the Town of Taber website, [www.taber.ca](http://www.taber.ca), move your mouse to the "I Want To..." Menu at the top of the page, then click on Make a Request. You must login to the Town of Taber website, in order to make a request. If you don't have a login, it is easy to create one. All requests are under one category called General Request.
