# Taber Municipal Police Commission Report March 2023

The report is broken into our three functions of police, dispatch, and the Community Standards Unit, followed by a section on budget, police complaints, crime analyses, etc., strategic planning, and other. In each of these functions, there is information for you. Some of the slots may be empty, but next month perhaps not.

#### **Police**

#### *Community Involvement:*

- Taber Police Service members are involved with the TCAPS and Star on 54<sup>th</sup> Theatre event on March 18.
- Update: Taber Police will be hosting the Ministry of Justice and the Ministry of Public Safety and Emergency Services Crime Prevention Awards March 31, 2023, in Taber. The location has been confirmed as the Parallel Church. You have received your official invite.
- Chief Abela and CFO John Orwa are working on a project called "Times are Hard Outreach". As you know, Chief Abela and Mr. Orwa are attending to Siaya County in Kenya in April. To assist local children in Siaya with parasite flee infestations on their feet, we commenced a fundraiser to help purchase shoes for these kids. A call was put out to the Town of Taber staff, Commission and associates of Chief Abela, to date we have raised \$3200 for this cause. Thank you to the members of Commission that were able to help.

Also, a local community leader has donated 70 soccer balls for use to take with us to give away to the community schools in Siaya. Thank you very much to this silent friend of Times are Hard Outreach. We will be taking these soccer balls with us when we fly out.

#### Training:

- Cst. Motz undertook an armorer's course for our firearms in Lethbridge.
- The RCMP and Cst. Weersink took approved screening device training hosted by the TPS and taught by Sr. Cst. Evanson this past month.
- Coalhurst CPO Herasemluk attended Taber for two days and did some training with Cst.
   Weersink.
- The Crown did a ride a long with TPS members.

#### Equipment:

• No purchases made this past month.

#### Operational:

• The Village of Barnwell and Town of Taber agreement was approved by Minster Ellis. Some steps are being taken to appoint TPS officers as bylaw officers in Barnwell and work will begin in April.

#### Personnel:

Two recruits have been selected to attend the police academy in Lethbridge starting April 17. As
the paperwork is not signed at the time of writing this report, I can't share their names, but will
as soon as we can.

#### Policy:

 Minister Ellis has made a policy statement that all police officers in Alberta shall wear body worn cameras. There will be time for implementation and standards set by the AACP and the Ministry. Procurement time will also be allowed and there is no mention of funding at this time. The Commission should be aware that the data management can be complex and the storage for BWV is expensive. Other agencies have had to hire staff to support disclosure and management of the data.

#### **Public Complaints:**

• There are no public complaints to report this month.

#### Equipment:

• No new equipment purchased this month.

#### Personnel:

 Kayla Baugh, Vera Peples, and Pam Walker have accepted jobs and have begun training as communication operators.

## **Taber Municipal Police Commission Request for Decision**

Meeting Date: 2023-03-22

Subject:

Use of Force Report 2022

Recommendation:

No recommendation required

### **Background:**

The 2022 Use of Force Report and Use of Force Training Plan Report are provided for Commission information.

The Taber Police Service is accountable to the Commission, and the community, for the application of force. Proper reporting of the application of force is an important element in democratic policing and provides for police legitimacy. Furthermore, this report is also sent to the Ministry of Public Safety and Emergency Services (Director of Law Enforcement) and is used to determine provincially if there are training gaps, best practices, or changes that need to be made to the Reasonable Officer Response Model.

In most cases, this communication is provided simply as information to the Commission and no comment is needed. In some cases, though, the Commission may wish to seek clarification on the matter from its administration or from the originator of the communication, or even to challenge the matter through Commission discussion. Placing the communication on the Commission's agenda allows these opportunities.

## **Legislation / Authority:**

## 2022 Summary of TPS Control Tactics Reports

Total # of occurrences for the year - 4628 Total # of control tactics reports for year - 27 Total # of use of force incidents - 16

Incidents involving a single member: 4 Incidents involving two members: 5

Incidents involving more than two members: 7

Incidents involving the euthanasian of an animal: 0

The number of Control Tactics Reports for 2022 has increased compared to 2021. It should be noted that 2019 had 26 reports, 2020 had 17 reports, and 2021 had 23 reports. It appears that 11 of the reports in 2022 were linked to other Control Tactics Reports associated to the same incident, which indicates a total of 16 use of force incidents in 2022. 2021 had 23 reports with 6 reports linked to the same incident, which would indicate a total of 17 use of force incidents in 2021.

## Force Occurred When:

Initial Contact	8
Placing under arrest	14
Transporting	1
Cell Block	5

The above table illustrates when force occurred during the event. The total will not necessarily be consistent with the total number of reports as more than one of the above may be checked on a single report. Force occurred most often when members initially contacted the subject or when placing a subject under arrest, which is consistent with the previous year.

## Officer Response: Effective

Verbal Direction	3
Holding Technique	0
Control Instruments	2
Empty Hand – Soft	20
Empty Hand – Hard	2
O.C. Spray	1
Impact Weapon	0
CEW (Taser) fired	0
CEW displayed	0
CEW laser aimed	2
CEW drive stun	0
Sock Round displayed	0
Sock Round fired	0
Other	0

Soft empty hand techniques were the most effective techniques used in 2022, which is consistent with what occurred in 2021. Our members are trained to use the least amount of force necessary, which likely explains why soft empty hand techniques were used most frequently. Soft empty hand techniques are not impact oriented and viewed as a lessor level of force compared to many other techniques.

## Officer Response: Ineffective

Verbal Direction	22
Holding Technique	0
Control Instruments	0
Empty Hand – soft	1
Empty Hand – hard	0
O.C. Spray	0
Impact Weapon	0
CEW (Taser) fired	1
CEW displayed only	0
CEW laser aimed only	0
CEW drive stun only	0
Sock Round displayed	0
Sock Round fired	0
Other: specify	0

Verbal direction was again the most ineffective use of force technique used in 2022 compared to 2021. I believe this illustrates our members are appropriately employing verbal direction as a first resort. The very low number of ineffective use of force techniques used by members, other than verbal direction, indicates that the techniques used by members are appropriate and effective the vast majority of the time.

## Firearm/Lethal Force – Effective

Pistol – low ready	4
Pistol – pointed	0
Pistol – fired (animal)	0

Carbine – low ready	1
Carbine – pointed	0
Carbine – fired (animal)	0
Shotgun	0

This table illustrates events where members effectively used a firearm. There were 5 reports involving a member effectively using a firearm in 2022. In all 5 reports the member perceived a risk of grievous bodily harm or death caused by the subject. The use of a firearm was deemed appropriate in each case when reviewed by a supervisor. It should be noted that 2 of the effective uses of a firearm occurred during the same incident. In 2021 there were also 5 reports involving a member effectively using a firearm, not including the use of a firearm in the euthanasian of an animal.

## Firearm/Lethal Force - Ineffective

Pistol – low ready	1
Pistol – pointed	0
Pistol – fired	0

Carbine – low ready	0
Carbine – pointed	0
Carbine – fired	0

The effectiveness of a firearm that is not fired is dependent on the cooperation of the subject who views the firearm.

## Subject Actions/Description:

Cooperative subject	0
Low level resister	2
High level Resister	2
Assaultive	16
Risk of G.B.H. or Death	7
Imminent G.B.H. or Death	0

There were 7 reports in 2022 where members believed there was a risk of grievous bodily harm or death. Members were able to handle these situations without the subject posing the risk of immanent grievous bodily harm or death, which resulted in the potential use of lethal force was not being required. 2021 had 8 reports where members believed there was a risk of grievous bodily harm or death. In 2022 the number of Control Tactics Reports related to an assaultive subject was 16, which is an increase from 7 in 2021. It should be noted that 12 of the reports in 2022 related to an assaulting subject were linked to other Control Tactics Reports associated to the same incident, which indicates a total of 5 use of force incidents involving an assaultive subject. Two of the reports in 2021 related to an assaultive subject were linked to the same incident indicating a total of 5 incidents involving an assaultive subject that year.

## Injury to Subject:

No visible injury			
Minor injury not requiring			
treatment			
Injury requiring treatment	0		
Injury requiring	0		
hospitalization			
Fatal	0		

In 2022 most of the use of force incidents resulted in no injury to the subject. The 8 reports in which the subject was injured involved only minor injuries. It should be noted that 9 of the reports related to a subject being injured were linked to other Control Tactics Reports associated to the same incident, which indicates a total of 4 use of force incidents in which the subject received minor injuries. Unfortunately, when force is necessary minor injury is a possibility regardless of the use of force technique used. From the above table we can surmise that the use

of force techniques used by our members in 2022 appear to be safe and do not cause unnecessary risk of injury to subjects.

## Injury to Officer/Members:

No visible injury	25
Minor injury not requiring	2
treatment	
Injury requiring treatment	0
Injury requiring	0
hospitalization	
Fatal	0

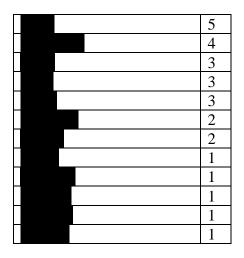

With all but 2 Control Tactics Reports resulting in no injury to members in 2022, we can surmise that the use of force techniques used by our members appear to be safe and do not cause unnecessary risk of injury to members. The 2 reports that resulted in injuries to members were minor in nature. Unfortunately, when force is necessary minor injury is a possibility regardless of the use of force technique used.

## Injury to Bystander:

No visible injury	9	
Minor injury not requiring		
treatment		
Injury requiring treatment	0	
Injury requiring	0	
hospitalization		
Fatal	0	

With no reports of injuries to bystanders we can surmise that the use of force techniques used by our members appear to be safe and do not cause unnecessary risk of injury to bystanders.

## Officers Involved:

had the most Control Tactics Reports in 2022; however, he has not consistently had the highest number of use of force reports in previous years.

## **Conclusion**

The number of Control Tactics Reports in 2022 has increased compared to 2021, but the number of use of force incidents decreased. A behavioral change of the membership has not been identified to be the cause of the increase in reports. Due to the size of our Service and the relatively low number of use of force incidents, it is difficult to identify specific causes for the fluctuation of the number of Control Tactics Reports year to year.

A review of the 2022 use of force incidents did not identify any sweeping issues of concern requiring additional training or other corrective measures. Yearly use of force training will continue to focus on the effective and appropriate use of force. Training will also be used to address any identified issues/deficiencies in the coming year.

#### 2022 Taber Police Service Use of Force Training Summary

Members received one day of carbine training and all passed the Alberta Association of Chiefs of Police (AACP) qualification. Carbine training also included various shooting drills to improve the member's skill in the use of the carbine. Members also received training on the use of the less than lethal Super Sock Round and all passed a qualification drill.

I attended the Sig Sauer Academy Pistol Mounted Optics Instructor Course, which I successfully completed. I attended this course in preparation of the Taber Police Service transitioning to a new sidearm utilizing a pistol mounted optic.

In 2022 the Taber Police Service transitioned to a new sidearm. Members received three days of training on the use of the new sidearm. The training included members passing the AACP qualification using iron sights and the new red dot optic. Sidearm training also included various shooting drills to ensure each member possessed the appropriate skills to utilize the new sidearm effectively if necessary. The new sidearm was found to increase members shooting accuracy compared to the previous sidearm.

Cst. Schneider and I successfully completed the Millbrook Carbine Instructor Course and were certified as instructors. I was certified as a carbine instructor a number of years previously; however, to ensure Taber Police Service carbine training is consistent with current best practices recertification was necessary. This was the first time Cst. Schneider received carbine instructor training.

Cst. Schneider and I successfully completed the Basic Firearms Instructor Course through the Saskatchewan Police College. Cst. Schneider and I were both certified as sidearm and shotgun instructors. I was certified as a sidearm instructor a number of years previously; however, to ensure Taber Police Service side training is consistent with current best practices recertification was necessary. This was the first time Cst. Schneider received sidearm instructor training.

In 2022 Cst. Leighton Motz and I participated in the Police Academy hosted by the Taber Police Service as use of force instructors. This opportunity to instruct the recruits was very valuable and allowed Cst. Motz and I to develop greatly as instructors.

I feel the continued use of 5 training days per year will allow Taber Police Service members to continue to meet the AACP firearms qualification and other use of force training recommendations. It will also ensure members "receive ongoing training to keep their skills and knowledge current" as per Provincial Use of Force Guideline requirements.

March 1, 2023

## 113

**Total Responses** 

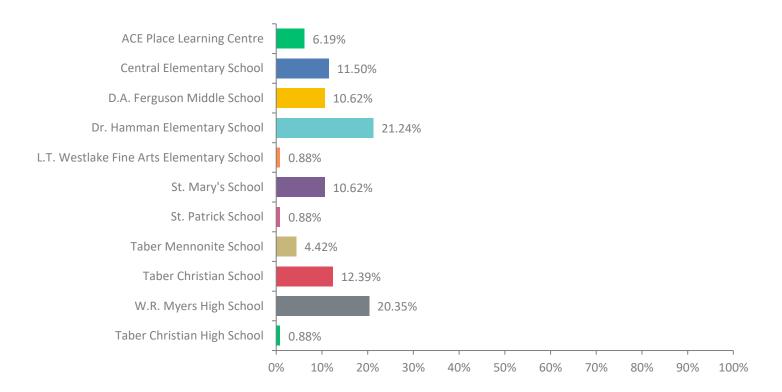

Date Created: November 14, 2022 Date Closed: December 12, 2022

Respondents included administrators and teaching staff from all Taber schools. In an effort to obtain as much data as possible, we encouraged school administrators to communicate with their staff to ensure a higher number of respondents than in years past. The 2019 survey had only 29 respondents, compared to the 113 for this year's survey.

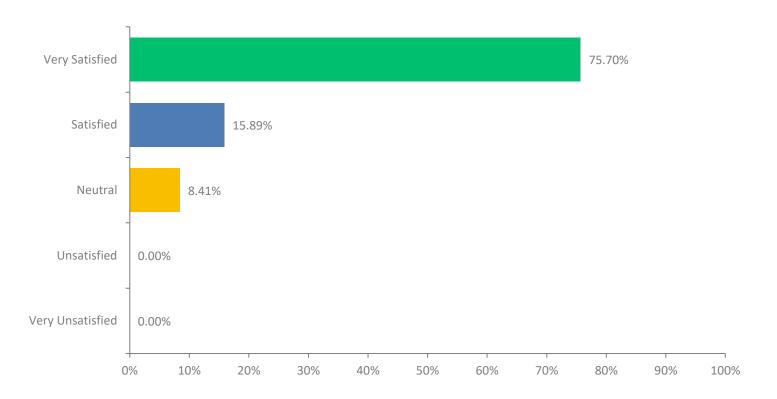

## **Rationale and Implementation**

- E-surveys are an effective method for the collection of public opinions and attitudes and may provide opportunity for higher response rates, accessibility to larger group of participants, is lower cost than traditional methods, and provides for anonymity. (Hewson 2007)
- The web-based online survey software used in the deployment of this E-Survey was Surveymonkey.com. Surveymonkey has been utilized for previous surveys and has proven reliable.
- This web link was shared with Taber school administrators through email with instructions to have them and their teaching staff complete the survey.

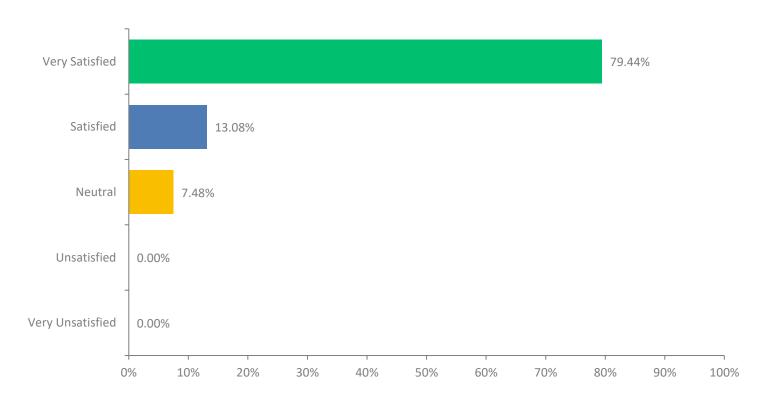

## Q1: What school are you affiliated with?

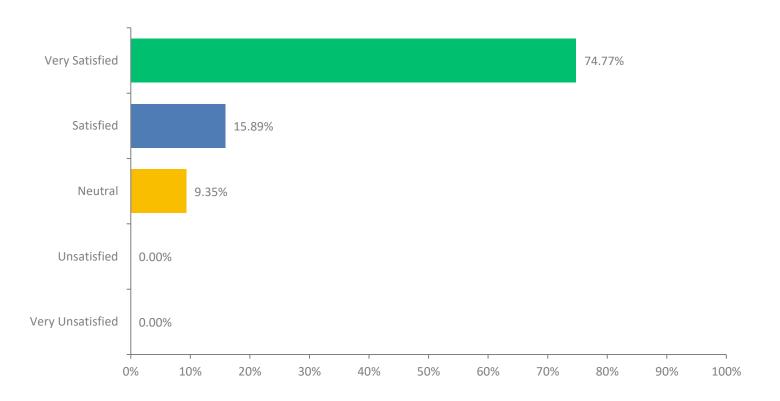

## Q3: How satisfied are you with the content used by the SRO in their presentations to students?

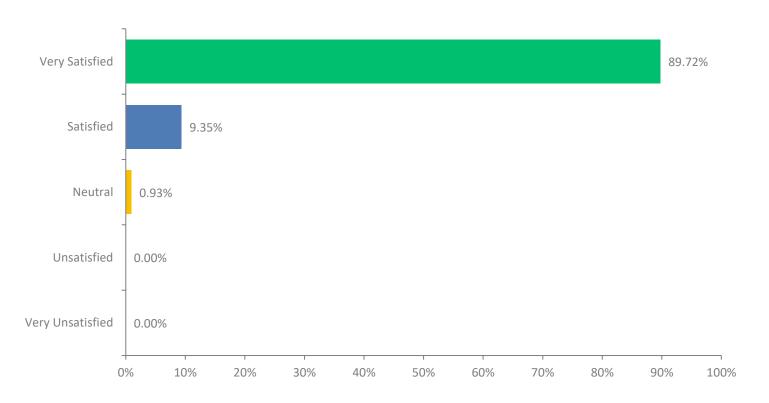

# Q4: How satisfied are you with the contribution of the SRO in threat assessments and any other interventions?

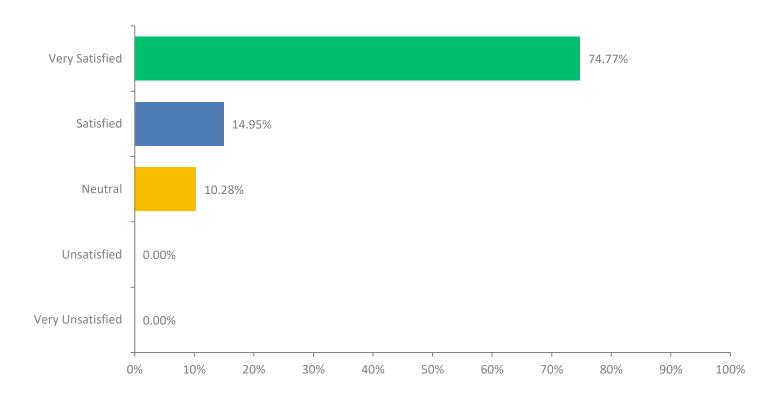

# Q5: How satisfied are you with the enforcement activities of the SRO program; for example traffic, smoking, trespassing, fighting, drugs, etc?

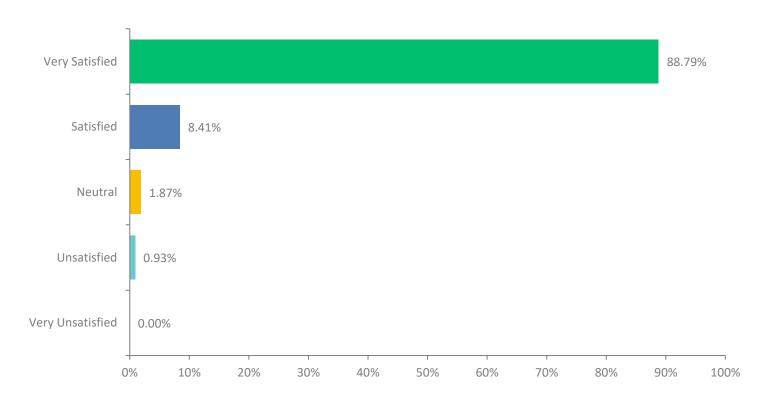

# Q6: How satisfied are you with the participation of the SRO in assemblies, athletics, functions, administrative meetings, etc?

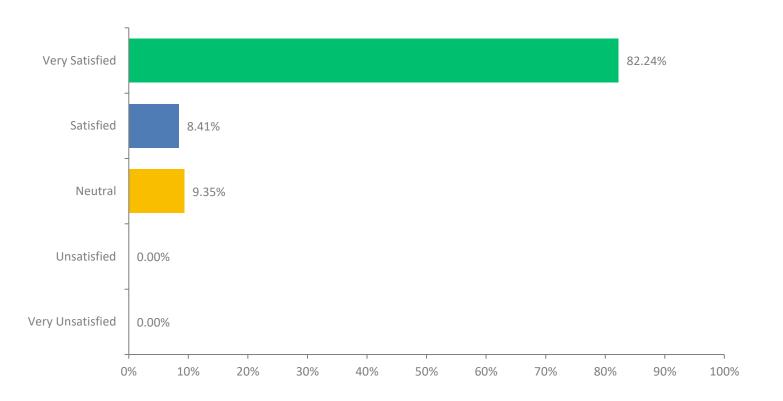

# Q7: How satisfied are you with the communication of the SRO in emails, phone, timely response, frequency, clarity, etc?

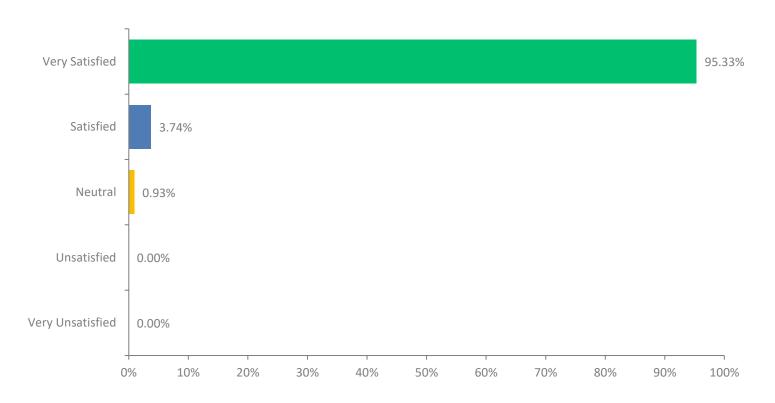

# Q8: How satisfied are you with the scheduled attendance of the SRO, including their frequency and visibility?

# Q9: How satisfied are you with the availability of the SRO for short notice requests, scheduled requests, answering phone calls, texts, etc?

# Q10: How satisfied are you with the SRO's professionalism with staff and students?

## CONCLUSION

- Satisfaction ratings for the School Resource Officer Program exceed 93%, which is unchanged since the 2019 survey.
- The 2019 survey indicated no responses of dissatisfaction and averaged 4% neutral responses. This survey indicated only 1 dissatisfied response (0.93%), under the category of "How satisfied are you with the scheduled attendance of the SRO, including their frequency and visibility" and averaged 6% neutral responses.
- The majority of respondents, over 21%, were from Dr. Hamman School. W.R. Myers High School was second highest with just over 20%.
- Support for the School Resource Officer Program remains very high amongst school administrators and staff.

**Subject:** Re: 2024 Conference Proposal Letter - Taber Municipal Police Commission

Good Afternoon Tenille,

The Alberta Association of Police Governance Board met earlier today and were pleased to review the Four (4) proposals received to Host the 2024 AAPG Conference and AGM. We are thrilled with the response, having four communities to choose from. In the decision making process, the Board weighted the following factors:

- The locations of past and current Host locations, with the preference to alternate Northern Host and Southern Host
- Airport availability and location
- Date of prior Hosting (if none, additional points were given to that community)
- Size of venue accommodations (main and breakout room)

While cost is important, AAPG supplements it's conference deficit with Grant funds and finds it more important to ensure as many members as possible have an opportunity to host in their community. With this in mind, the Board did not want to decline any of the proposals. Instead all four communities were evaluated and slated into years 2024 through 2027, based on the criteria above.

Taber Police Commission held the 2016 Conference and AGM, which was the second most recent of the proposals received, reflecting a slightly lower score for this section. The location was placed in the Southern category, with both of the last two Conferences held in the North there was a desire to host in the South, therefore a benefit to the Taber Police Commission application. With all the factors considered, Lethbridge was selected for 2024 against Taber in scoring, with the main difference reflecting Lethbridge having not hosted the Conference since 2011.

With the Board preferring alternate North and South locations, AAPG would like to offer the Taber Police Commission the 2026 Conference and AGM. While there is not an urgent rush to have AAPG save-the-date for you, there will be some minor 'planning' in the works, so if you can review with your Commission and acknowledge the interest (that you want to be considered), that would be greatly appreciated!

We look forward to visiting the Town of Taber again!

## **Taber Municipal Police Commission**

January 4, 2022

Alberta Association of Police Governance Executive Director, Victoria Chester admin@aapg.ca

To whom it may concern,

The Taber Municipal Police Commission is very excited to submit this proposal letter and share with you our interest in hosting the 2024 AAPG Conference in Taber Alberta.

We as a Commission believe that the Taber community and along with our police services department have a lot to offer and showcase. If chosen to host the 2024 conference we would be able to provide the following.

#### **Conference Location:**

The Heritage Inn Hotel and Convention Centre in Taber has a quality hotel with appropriate sized meeting and breakout rooms, banquet rooms, catering facilities and the necessary AV Services on site. They also offer the ability to hold a block of requested rooms (at a discounted rate) for conference participants.

In addition to this, we have another host facility that may work for the conference. The Star on 54<sup>th</sup> is a new facility that is currently being developed in Taber. This facility would also work as a great conference location; however, if chosen conference participants would need to be shuttled to and from their hotel and catering services could be provided.

#### **Social Activities:**

Taber is a vibrant community and could also provide social activities for conference attendees. Some of these possibilities include:

- A theatrical performance put on by the Taber Players
- Boxing match or activity put on by ProPerformance Gym
- Music performance put on Spider Entertainment
- Art or Theatre performances put on by local youth / school group
- Trip to the local shooting range with Taber Police Services

In addition to this, our commission would also be able to provide a piper, gather promotional and silent auction items, refer local presenters, and provide assistance at the event.

We are very proud of the work that our commission and police services are doing within the community and feel that we are a leader in policing and police governance and would love to showcase the collaborative projects that are occurring within our community.

Should you have any questions regarding this request, please do not hesitate to reach out.

Sincerely,

John MacDonald

Chair, Taber Municipal Police Commission
