| Meeting Date: April 25, 2016 | | |
| Subject: Collection of Refunda | able Beverage Containers | |
| Recommendation: | That Council adopts the Collection of Refundable Beverage Containers Policy and further accepts the Collection of Refundable Beverage Containers Procedure for information as presented. | |
| | Over the last two years the Town has installed 13 new garbage/refundable beverage container bins around the community. A grant was received this year to install 8 of the outdoor bins and as such have a reporting process that is required as to the number of refundable beverage containers collected. | |
| Background: | Attached for Council's review is a policy and procedure regarding the collection of the refundable beverage containers. The policy refers to collection of the Town's outdoor, refundable bins for one year. | |
| | If approved, the process would likely begin a bit late for this year due to the late start, but Town staff are able to collect the refundable beverage containers until such time as a user group is chosen. | |
| Legislation / Authority: | MGA s3 | |
| Strategic Plan Alignment: | Maintaining a safe community that is healthy, innovative and environmentally aware. | |
| Financial Implication: There is a component of the grant funding that was received that Town to report the amount of refundable beverage containers Alberta Beverage Container Recycling Corporation. | | |
| Service Level / Staff Resource Implication: | Staff resources will be required to advertise, and organize the program and set up an agreement. We would continue to collect the garbage from all bins. | |

| Justification: | This process would encourage a partnership with user groups and provide a relatively easy way to give back to the community. |

- 4. That Council gives third and final reading to By-Law No. 10-2016 being the Property Tax By-Law for the Town of Taber, at this meeting.

Background:

The 2016 property tax rates have been calculated using the assessment roll provided by the Town's Assessor to raise the required revenues for both municipal needs and requisition purposes. This roll provides a breakdown by assessment class for all properties within the town. The assessor also provides us with a breakdown of all assessment increases / (decreases) due to development growth as well as increases / (decreases) due to market change (inflation / (deflation)). The property tax rates proposed are calculated based on Council's direction of capturing only assessment increases due to development growth (new building, equipment, etc.) but exclude inflationary / (deflationary) impacts due to market change within each class of assessment (i.e. residential, non-residential, M&E, etc.). The proposed school tax rates are calculated based on the overall education requisition required by the Province. This requisition is broken into Residential and Farmland, Non-Residential, and Machinery & Equipment for both the public and separate school systems. Note that Machinery & Equipment as well as Co-generation equipment are exempt from school taxes. The senior tax rate is calculated based on the proportion that the Town's equalized assessment bears to the total of the equalized assessments of the four participating municipalities and the requisition required by Taber & District Housing.

Administration is requesting that Council give three readings to the By-law at

| Meeting Date: April 25, 2016 | |
| Subject: Encroachment Agree | ement Policy and Procedure |
| Recommendation: | That Council adopts Policy PLN -3 and the corresponding Procedure PLN -3 to provide a standard practice for handling encroachments on municipal lands and/or roads. |
| Background: | Encroachments onto Municipal lands and/or roads are common and identified more easily as surveying technology has become more advanced. The Town of Taber has a responsibility to its citizens to ensure encroachments do not negatively affect the Town's ability to maintain effective services, restrict public access, or provide enjoyment of lands for public use. |
| | At the meeting of Council on June 8, 2015 Council requested that Administration create a policy and procedure to effectively manage encroachments consistently. |
| Legislation / Authority: | Section 61 and 651.2 of the Municipal Government Act. |
| Strategic Plan Alignment: | Strategic Initiative Governance Goal 1: strengthen our core infrastructure and services in a fiscally responsible manner. Examine service delivery at the department level and confirm if resources are aligned appropriately. |
| Financial Implication: | Adopting the policy and procedure has no financial implication other than staff and Council time. Costs of handling Encroachment Agreement Applications will be covered under the proposed fees. |
| Service Level / Staff Resource Implication: | Implementing the Encroachment Agreement Policy and Procedure will leave service levels at status quo, as Administration already deals with encroachments, and may reduce Council's time dedicated to reviewing encroachments. |
| Justification: | Adopting an Encroachment Agreement Policy and Procedure will ensure each encroachment is handled the same way. It will also reduce the need to take encroachments to Council as the CAO can approve most encroachment applications. |
| Alternative(s): | Council may choose to make changes to the Policy and Procedure before adopting it. |

| Council may choose not to adopt the Policy and Procedure. |

Meeting Date: April 25, 2016

Subject: 2016 Amended Budget Document

| Recommendation: | That Council approves the 2016 Amended Budget Document as presented. |
|-----------------|---|
| | Annually Administration presents Council with an amended budget that reflects any of the changes to the budget that have been approved by Council resolution and reflecting the amendments resulting from the property tax rate being set. |
| | The proposed budget document includes operating items that hav already been presented to Council, there are no new operating fundin requests contained within this proposal. Page 6 of the 2016 Amende Budget document includes a summary of all the accounts that are to be amended. The table shows the account line total for the approved budge amount, the proposed 2016 amended amount, and the total change from the approved budget to the proposed amended budget. The table is divided into revenue and expense sections. It is further divided into object and sub-object groupings. |
| Background: | 1. The first object section is net taxes available for municipal purposes. The approved budget contained an estimate for net taxes available for municipal purposes of \$8,355,750. This was made up of \$10,936,820 of total taxes, less the then unknown estimated amounts of \$2,505,780 for school requisitions an \$75,290 for seniors requisitions. |
| | The actual school and senior requisitions came in at \$2,476,48 (\$29,293 decrease) and \$77,125 (\$1,835 increase) respectively Municipal property tax collection based on current assessment using the approved increase of 1.5% will provide \$11,006,142 which is an increase of \$69,322 from the budget estimate. Once the school and seniors requisitions have been netted out, the Town will be left with net taxes available for municipal purposes \$8,452,484 which is \$96,734 more than was originally budgete for. |

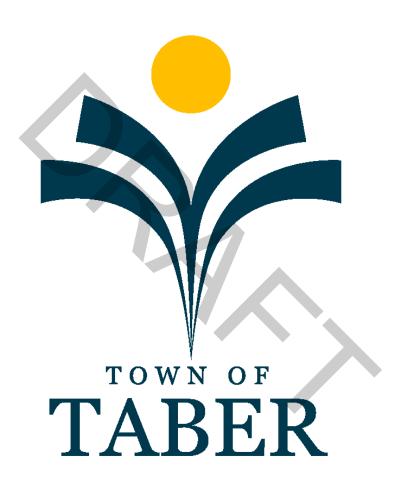

| | Government transfers. The \$229,137 increase represents additional funding support from the province for MSI operating. This was originally eliminated but the new provincial government has included this amount for 2016. | | | | |
|--|--|--|--|--|--|
| | 3. Other revenues. The decrease of \$175,000 (\$150,000 was initially put in the Police commission budget to represent their \$150,000 reduction approved by council) represents a decrease in the contingency needed to balance the budget at a 1.5% increase in taxes approved by Council. | | | | |
| | 4. Amortization. This is a non-cash budget item that is amended annually and is estimated using the prior year's actual amortization once the year end has been finalized. Amortization does not directly affect funding decisions. The \$129,442 change in amortization is equal to the overall amended budget change which is consistent with our budget presentations. | | | | |
| | The other changes represent the approved changes in the budget from the resolutions that have been passed by council since the Budget approval of December 21, 2015. This is shown on pages 1 – 4 in the attache information. Administration is asking Council to support the presented amendments to the budget. | | | | |
| Legislation / Authority: | Section 242, 243, 247 and 248 of the MGA. | | | | |
| Strategic Plan Alignment: | Strengthen our core infrastructure and services in a fiscally responsible manner. | | | | |
| Financial Implication: | Establishes authorized spending limits for managers. | | | | |
| Service Level / Staff Resource Implication: Developed using existing staff resources. | | | | | |
| Justification: | Establishes authorized spending limits for managers and ensures that the financial reporting and the accounting system can reflect the changes in the budget that have been approved by Council. | | | | |

Other things to consider:

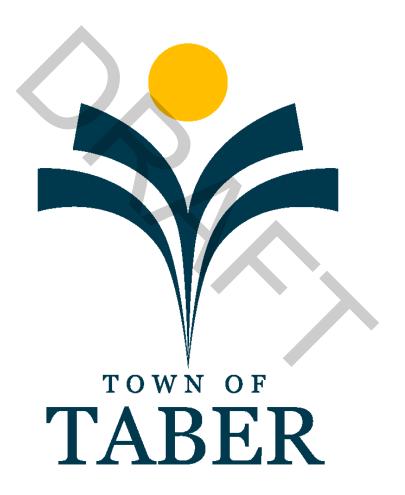

Changes to amortization estimate: The Amortization estimate has been changed in the Amended Budget as this is a more realistic figure for the current year and amortization is a non-cash item so it does not have to be funded.

Removal of Grant in Lieu of Taxes – This program is no longer in effect we had put approximately 45k in there for the current year

Addition of MSI Operating. It was originally eliminated in 2016. However, with the new government in space we have MSI operating funding of \$229,137.

Police Commission Adjustments – They maintained the \$150,000 cut in their operations, the only increase in their budget for since the approved budget is the increase in the non-funded expense of amortization, which is similar with the other costing centres.

| | Council Request for Decision | | | | |
|--|--|--|--|--|--|
| Meeting Date: April 25, 2016 | | | | | |
| Subject: Oldman Watershed | Council Membership | | | | |
| Recommendation: | That Council agrees to renew its membership in the Oldman Watershed Council, appoints Councillor as the Town of Taber's representative, and agrees to donate \$250 to the Oldman Watershed Counci in lieu of a membership fee. | | | | |
| Background: | The Town has been a member of the Oldman Watershed Council (OWC) for several years and the OWC is asking if Council wants to renew its membership for 2016. In this regard the OWC has changed its funding strategy. Previously, there was an annual membership fee but it was optional; municipalities could be members without paying the annual fee. This year the OWC has decided that there is no membership fee at all and, instead, is asking for donations. This is essentially the same thing, just framed differently, | | | | |
| Legislation / Authority: | Joining an organization such as this is a Natural Person Power (MGA s. 6). | | | | |
| Strategic Plan Alignment: | Goal: Build partnerships with other governments and organizations where synergies may exist. | | | | |
| Financial Implication: | In previous years, Council has elected to be an OWC member but has not paid any membership fee. The recommendation is that Council make a small contribution to the group in 2016. | | | | |
| Service Level / Staff Resource Implication: | There would be no change in service level or resources if membership is maintained. One municipal Council member would continue to represent the Town of Taber on this watershed council. | | | | |
| Justification: | The OWC is an important water resource advisory group and water is becoming increasingly important in Southern Alberta. | | | | |
| Alternative(s): | Council could choose not to become a member in 2016. Council could choose a different donation amount than the recommended \$250. | | | | |

| | Council could select an administration representative. |

| Subject: Information For Cour | ncil | | | | | |
| Recommendation: | That Council accepts the material received in this Agenda Item as information. | | | | | |
| | The Town receives communication on an on-going basis that is likely of interest to Council. In most cases, this communication is provided simply as information to Council and no comment is needed. In some cases, though, Council may wish to seek clarification on the matter from its administration or from the originator of the communication, or even to challenge the matter through Council discussion. Placing the communication on Council's agenda allows these opportunities. | | | | | |
| | The relevant communication for this Council agenda is: | | | | | |
| Background: | The Partners for the Saskatchewan River Basin has sent a letter (attached) requesting that the Town of Taber become a member and helps promote watershed stewardship in the Saskatchewan River Basin. The Oldman River is part of that basin. Council made a decision last year not to join the Partners and so this 2016 invitation is provided to Council mainly for information purposes although Council could elect to reconsider its decision. Administration believes that the OWC (addressed earlier in this agenda package) is a more important watershed awareness organization. We have received the correspondence for the MSI and EGTE. | | | | | |
| | We have received the correspondence for the MSI and FGTF allocations for the 2016 year. Please see the attached documents for the Town of Taber's allocations. | | | | | |

| Service Level / Staff Resource Implication: | These will vary with information items. | | | |

| Justification: | To keep Council informed of current municipal information and correspondences. | | | |
| Alternative(s): | Council could seek clarification on any of the matters from Administration. Council could discuss, in depth, any of the matters raised by this communication and take action through either resolution or bylaw. | | | |

Dear Town of Taber,

Partners FOR the Saskatchewan River Basin (PFSRB) would like to request your support. Your membership and financial support is key to realizing our mission. The progress in building awareness and knowledge of water issues, research, and solutions in the Saskatchewan River Basin (SRB) would not be possible without public support. Help us to continue doing this crucial work.

PFSRB has been promoting watershed stewardship and sustainability of the SRB since 1993. The SRB is an international watershed that includes the three Prairie Provinces and a small portion of Montana. It contains the North Saskatchewan, Battle, Vermillion, South Saskatchewan, Red Deer, Bow, Oldman, St. Mary, Saskatchewan and Carrot Rivers. PFSRB is the only non profit, non-governmental organization with a mandate to promote watershed sustainability across the entire Saskatchewan River Basin.

Membership funds have helped us complete and take on a number of projects. The first is Stan the Sturgeon Fish Habitat Program, our newest environmental program. This curriculum based package educates and enables teachers to teach students about the importance of aquatic and riparian ecosystems and fish habitat while learning about the SRB. This one of a kind program is now available to everyone across the basin. There is no charge for receiving the program, although assistance with postage is always welcome. Please contact our office to request your copy.

Our popular educational board game, Moopher's Amazing Journey to the Sea is being transformed into a trilingual version by incorporating Île-à-la-Crosse Michif and Cree language into the game. We have developed partnerships with both the Gabriel Dumont Institute and the Saskatchewan Indian Cultural Centre to complete this work. This new edition will be available fall of 2016.

Save the dates! Our annual conference will be held October 16 to 19, 2016 at the historic Delta Bessborough Hotel in Saskatoon, Saskatchewan. This year's conference theme is "Every River has a Story... What's Yours?" PFSRB is please to have partnered with the Canadian Heritage River System and Saskatchewan Parks, Culture and Sport to offer this national conference.

As added benefit to memberships, we are now offering a discount to members on conference registration fees. In addition, PFSRB is currently undergoing some changes and you can expect there to be more opportunities available to members over the coming year.

Please help us continue this important work by becoming a member. Your support is invaluable. Please find a membership form enclosed.

Sincerely.

is Mack
