#### INFORMATION ITEMS

#### A) Summer Programs Evaluation

A. Holmen reported that even though the programs were not as well attended as previous years, administration would like to offer the service again next year and then re-evaluate. The Recreation Board discussed possible reasons for the poor year and thought maybe it was because of so many other programs being offered, and/or increased cost of the programs.

The Recreation board saw the value of offering the programs again.

RES. 57/2011 MOVED by L. Wijna that the Recreation Board accepts the evaluation of the summer programs as presented.

CARRIED UNANIMOUSLY

Councilor R. Sparks commended the girls who ran the programs and felt they went above and beyond and did a great job.

#### **ACTION ITEMS**

#### A) Waiver and Reduction Policy

The Recreation Board expressed concerns with the number of annually approved waivers and the cost attached to this policy. Questions arose as to how one gets a 100% reduction and it was explained that one must apply to Town Council and each request is reviewed on a case by case basis. It was also noted by Councilor Sparks that Administration always recommends that the request be denied, but the final decision is always the responsibility of the Town Council.

A. Holmen reiterated that it is not a function for the Recreation Board to decide on who should be on/off this policy but rather to make recommendations to Council. This is brought forward to the Recreation

#### OPERATING BUDGETS

- Cemetery Clarification was made that Amortization included equipment, buildings and infrastructure.
- 2. Arenas Questions arose as to why the phone expenses were so high and it was explained that the Town receives a bill for the whole organization and it is then divided up based on the number of phones at the facility. This year the phone structures have changed with direct lines being added and a new system to allow for a greater capacity of calls at on time. Concern that this doesn't reflect accurately what is offering at the individual facilities.

The Recreation Board questioned how the early ice season has affected the budget and it was reported that there has been a positive result and seeing an increase in revenue to date.

3. Golf/Curling – It was explained that historically the two have been reported together because they used to share the same facility and by separating the two now will not change much as the report is primarily curling with the exception of the debenture debt and the purchases from other Municipal Agencies.

Question arose as to why Amortization is not shown in this function as is with the others and the response was that it was decided to not because of the nature of the Lessee however the point was valid and administration will review their decision.

- 4. <u>Parks</u> the Recreation Board stated that the Parks should possibly be removed from the Recreation function completely. The Board was assured that the Parks function was not included in the Cost Recovery formula. Sundry Revenue line refers to the St. Mary's School payment for field maintenance.
- 5. Programs Cost of Advertising jumped and this was questioned and it was explained that in the past the Recreation Guides used to be charged to the Aquafun Centre however it really fits better under programs. It was explained that the 2011 Programs budget included donations for the movie in the park however no donations/sponsorship were received. The Recreation Board felt due to it's success that the suggestion is to try again in 2012. It was reported that the out of scope wage reflects a portion of the Leisure Services Manager's wage.
- Aquatics The Recreation Board questioned the continuous over budgeting on the revenue side for user fees. The Board discussed the value of this facility to this community not only as a service but as a draw and show piece for the Town.

Patrick's School, and the Skatepark be moved to a 2013 completion prior to the building code changes.

#### D) 2012 Recreation User Fees

Discussion ensued regarding numbers of teams participating in summer sports and the drop in participation.

- RES. 61/2011 MOVED by Councilor R. Sparks that the Recreation Board recommends Council approve the proposed 2012 Recreation user fee adjustments, as amended:
  - Cemetery 3% rate increase on plot sales & perpetual care fee
  - Arena 3% rate increase January 1, 2012, honoring existing bookings in that year.
  - Auditorium 0% increase to all user fees effective January 1, 2012, while honoring existing bookings in that year at the quoted rates at time of booking,
  - Programs 0% rate increase to all summer programs and special events
  - Aquafun 3% rate increase to all user fees effective January 1,
     2012, honoring existing bookings in that year
  - Sportsfields 3% rate increase to all user fees effective January 1, 2012

The following summarizes some aspects of submissions received:

Name Payment Terms Fees
The Goldie Company Fees for Services \$126,000

Partnership Group Fees for Services/Commission \$94,000/\$60,000+25% commission

KCI Fees for Services \$455,000

Partnership Group is an experienced, competent consulting firm that has provided similar services to other municipal governments, non-profit associations/agencies and corporations. Their clients include the towns of High River and Kindersley, cities of Edmonton, Kelowna and Toronto, the Federation of Canadian Municipalities (FCM) and the Canadian Red Cross.

The evaluation committee unanimously scored the Partnership Group's proposal the highest of the three received. Partnership Group was the only firm that offered both implementation options being fees for services and commission-based fees. Partnership Group's proposal met all the requirements detailed in the RFP.

Although the RFP indicated the Town could require an in-person presentation by shortlisted firms, the selection committee has determined that step is not necessary, based on the number and quality of the proposals received.

The Recreation Sponsorship Services evaluation committee recommends the Taber Recreation Board recommend Town Council authorize Administration to execute a contract with Partnership Group, per the commission-based option, with 2011 expenses capped at \$35,000, funded from the Town's reserves.
