Recreation Board Request for Decision	
Meeting Date: 5/5/2016	
Subject: Delegation: BJ Fitch - Heritage Estates Playground Request	
Recommendation:	That the Recreation Board accepts the presentation provided by BJ Fitch regarding upgrades to the Heritage Estates Playground, for information purposes.
Background:	BJ Fitch, as a resident of Heritage Estates would like to request consideration for the addition of an outdoor basketball court area to the playground in that residential area. BJ along with other residents she has spoken to, love the playground but feel it is for smaller children and has nothing in it for the older youth.
Legislation / Authority:	Recreation Board Bylaw 2-2009, Section 6 (Purpose of the Board)
Strategic Plan Alignment:	Family/Community - Build a Community that is affordable and attractive
Financial Implication:	At this time there are currently no funds available in the 2016 Budget for the construction of a basketball court.
Service Level / Staff Resource Implication:	None at this time but would need to be discussed if approved as to the responsibility of construction.
Justification:	This is a resident request for consideration. There are no outdoor basketball courts in that area. There are two on the North side of Taber in parks/playground areas as well as at numerous schools.
Alternative(s):	The Recreation Board could choose to request additional information regarding this request.

Re: Playground Upgrades in the Heritage Estates

I have been living in the Heritage Estates (Homestead Place) with my family for over 20 years. We love the neighborhood. As my children grow older I find that they are using the playground at the end of your cul-de-sac less and less as they have outgrown the playground equipment. The playground is still well used by the younger children of the area. We have a very active neighborhood with children playing in the park or the middle of our cul-de-sac most evenings. If you drive by you will see kids on bikes, scooters or playing a game of street hockey.

I would like to suggest adding a cement pad to the playground and installing a basketball hoop or two to keep the older children entertained and active. We are a bit isolated from the rest of the town in our area and there is nothing like this close by for the kids to use.

I have canvased our neighborhood and have 90 signatures showing support for the project.

I look would like the opportunity to present this to the Recreation Board at their next meeting if possible.

Recreation Board Request for Decision

Meeting Date: 5/5/2016

Subject: Delegation: Taber Corn Country Cruisers

Recommendation:

That the Recreation Board accepts the presentation provided by Bud MacMurchy of the Corn Country Cruisers regarding relocating the Cornfest Car Show, for information purposes.

Background:

Bud MacMurchy, member of the Taber Corn Country Cruisers has submitted a verbal request to relocate the Car Show held during Cornfest from 49th Ave to the Confederation Park Baseball Diamonds.

On April 4, CAO Greg Birch, the Fire Chief, Trent Smith and myself met with Mr. MacMurchy at the ball diamonds to discuss his proposal. He will be present at the meeting to present his proposal. Since the original meeting we have since received correspondence that at the Car Club meeting it was voted in that members were in favor of the switch of venue.

As per the request of the Chairperson, Luke Wijna we have invited the following to attend the meeting and provide their feedback; Tom Patterson – Chair of the Cornfest Committee and Scott Takaguchi - Organizer of the Angels in the Outfield Ball Tournament.

Further information regarding pros and cons, costs, etc. are included further along in the agenda package under the Response to Delegation RFD.

Legislation / Authority:

Recreation Board Bylaw 2-2009, Section 6 (Purpose of the Board)

Strategic Plan Alignment:

No direct correlation to the Strategic Plan

Financial Implication:

Information on costs is included later in the agenda package in the Response to the Delegation and would be dependent on the direction taken should the request be recommended and approved by Council.

Service Level / Staff Resource Implication:

No significant impact at this time but may change dependent on the outcome.

Justification:	This request is in accordance with the Recreation Board Bylaw 2-2009, which states that Members of the Board shall collectively represent all recreation interests within the region and d) hear and consider representations or concerns by any individual, organization or delegation of citizens with respect to recreation services/programs. The Board shall act on such recommendations as the Board shall deem to be in the general interest of all citizens and where necessary, shall make recommendations to Council.
Alternative(s):	The Recreation Board could choose to request additional information regarding this request.

DELEGATIONS - NONE

ADOPTION OF THE MINUTES

A) Regular meeting – March 3, 2016

RES. 26/2016 MOVED by D. Hansen that the Recreation Board adopts the Minutes of
the Regular Meeting of the Recreation Board held on March 3, 2016, as
presented

BUSINESS ARISING FROM THE MINUTES

A) Sponsorship Program Report

RES. 27/2016 MOVED by D. Firth that the Recreation Board accept the Status Report provided by Sponsorship Connections for information.

CARRIED UNANIMOUSLY

ACTION ITEMS

A) Information for the Recreation Board

1. Arena season has ended a great season and staff have now moved out to the parks. The Spring Ice User meeting has not yet been scheduled however it will take place soon.
2. Canada Day Program – \$2000.00 has been approved from the Heritage Canada Fund and will be used for the Canada Day in the Park.

RES. 28/2016 MOVED by Councilor A. Prokop that the Recreation Board accepts the material received in this Agenda Item, as information.

CARRIED UNANIMOUSLY

B) Recreation Reports

A. Holmen reported that the parks staff are busy with Sportsfield spring maintenance and inspections. Discussion occurred as whether or not it was feasible to alternate a field off each year to allow the fields to revitalize, especially the Football field which is in need of rest. With soccer numbers down, this year may be a great opportunity to begin rotation. T. Smith agreed it would help and it would be investigated, however there is a plan for a rest period between the end of soccer and the first football game, which is almost 2 months. The staff plan to aerate, add extra water and extra nutrients to the field in question.

A. Holmen reported that Town Council has approved the purchase of Intelligenz recreation software with a proposed "go live" date of the spring of 2017. Discussion was held regarding the possibility of other organizations using the software for their registrations and having the town charge for the service, which is a future possibility and may be a nice benefit for recreation users to have one location for registrations, especially new comers.

It was also mentioned that the 4on4 tournament and Provincials were very well run and there were only a couple of minor concerns which were addressed immediately.

Communities in Bloom are preparing for the upcoming spring. The Recreation Board appreciates the great job the committee does every year.

RES. 29/2016 MOVED by J. Mills that the Recreation Board accepts the Recreation Report for information.

CARRIED UNANIMOUSLY

C) Recognition Awards

The Recreation Board were thrilled with the numbers and variety of success throughout the town's sports community.

RES. 30/2016 MOVED by D. Hansen that the Recreation Board recommends that the listed team/individuals receive Recognition Awards:

Recreation Board Request for Decision

Meeting Date: 5/5/2016

Subject: Response to Delegation: BJ Fitch - Heritage Estates Playground Request

Recommendation: That the Recreation Board recommends Council consider this request for inclusion in the 2017 Capital Budget deliberations.

Background: Earlier in this meeting BJ Fitch, as a resident of Heritage Estates presented her request for the addition of an outdoor basketball court area to the playground in that residential area.
Two other playground areas have a similar basketball court and are located on the north side of Taber.
The upgrade of playgrounds was noted on the Recreation Master Plan as number 6 with upgrades and additions of equipment.

Legislation / Authority: Recreation Board Bylaw 2-2009, Section 6 (Purpose of the Board)

Strategic Plan Alignment: Family/Community
- Build a Community that is affordable and attractive

Financial Implication: At this time there are currently no funds available in the 2016 Budget for the construction of a basketball court. Attached is a quote for the development of an asphalt basketball court similar to other parks for an estimated cost of \$13,766.00

Service Level / Staff Resource Implication: Resources would be required for the construction of this project. There would need to be a base built, then a concrete or Asphalt pad, as well as addition of the basketball hoops.

Justification: This request is in accordance with the Recreation Board Bylaw 2-2009, which states that Members of the Board shall collectively represent all recreation interests within the region and d) hear and consider representations or concerns by any individual, organization or delegation of citizens with respect to recreation services/programs. The Board shall act on such recommendations as the Board shall deem to be in the general interest of all citizens and where necessary, shall make recommendations to Council.

Alternative(s):	<p>The Recreation Board could choose not to recommend the request to Council.</p> <p>The Recreation Board could ask for further information.</p> <p>The Recreation Board could ask Council to consider adding this project to the 2016 Capital Projects with funding to come from Capital reserves.</p>

Recreation Board Request for Decision

Meeting Date: 5/5/2016

Subject: Response to Delegation: Taber Corn Country Cruisers

Recommendation:

That the Recreation Board recommends Council denies the request made by the Corn Country Cruisers, Bud MacMurchy to relocate the Taber Cornfest Car Show from 49th Avenue to the Confederation Park Ball Diamonds.

Background:

Earlier in this meeting, the Recreation Board heard from the representative of the Corn Country Cruisers regarding relocating the Cornfest Car Show from 49th Avenue to the Confederation Park Ball Diamonds.

Attached for information are several documents including the pros and cons to this relocation, costs of fencing modifications as well as the Alberta Fire Code requirement.

Upon researching other communities and their practices, we did find that some communities do allow this type of event to occur on their ball diamonds but we also heard that many used to allow and no longer will consider due to the risk associated with potential damages. It is quite common now to have these events on park, green spaces. Green spaces have less impact if damaged than a ball diamond.

We also learned that opening and closing the fence lines is not as easy as it sounds and with time restrictions for the tournament occurring the next day that putting the fence back together safely may not be possible.

Legislation / Authority:

Recreation Board Bylaw 2-2009, Section 6 (Purpose of the Board)

Strategic Plan Alignment:

No direct alignment.

Financial Implication:

At this time there are currently no funds available in the 2016 Budget for construction of access gates as required by the Alberta Fire Code.

Service Level / Staff Resource Implication:

Should this be approved the fencing requirements would be a contracted service but staff resources would be required to monitor irrigation lines/heads, watering of fields, and ensuring access provisions for Fire Trucks are met.

Justification:	This request is in accordance with the Recreation Board Bylaw 2-2009, which states that Members of the Board shall collectively represent all recreation interests within the region and d) hear and consider representations or concerns by any individual, organization or delegation of citizens with respect to recreation services/programs. The Board shall act on such recommendations as the Board shall deem to be in the general interest of all citizens and where necessary, shall make recommendations to Council.
Alternative(s):	The Recreation Board could recommend Council approve the request to relocate the Cornfest Car Show. The Recreation Board could ask for further information.

Pros	Cons
<ul style="list-style-type: none"> • Easier access to the event from the Cornfest grounds for the patrons • Safer for the patrons as it is taking them off the roadway • Close access for car owners to the grounds for food • Shaded areas available • Clean up of area confined to one area • Barricades would not be required by the Town as in current set up • Traffic from the cars the morning of the event could be directed from Highway 864 to 50th Avenue to the entrance on 48th Street thus removing the concern of traffic for the Fun Run on 50th Street. • The Car Club would provide the signage, barricades for the infields to protect from fireworks, the ramps to get vehicles safely over the curbs as well as the man power to monitor the fireworks area and the event as a whole. • Allows for more parking in the area where the car show was previously located. • Grassed area – less dust on vehicles and easier on peoples feet and backs • Less walking for spectators 	<ul style="list-style-type: none"> • May lead to damage to irrigation heads on the fields • Outfield fences on both diamonds would need fence split and peeled back to allow for a walkway resulting in manpower to remove and re-install properly • A second gate access would be required to be added to both diamonds to allow access for fire trucks as per Fire Code 3.3.2.5 Division B. This would result in removal of a post, 16ft top stabilizer bar and two 8 ft sections of fencing would need to be rolled back if done as a temporary measure – this would be required for each diamond and then the posts would need to be put back in place with concrete and the fencing reinstalled and stretched to tighten. A temporary solution would be required for the Angels in the Outfield Tournament to close the holes in the fence safely. This would also require additional town resources following the car show to address. If done permanently there would be a cost associated with this (see attached) • Concerns regarding damages to the field. We are required to keep the field wet for fireworks but dry for the cars to avoid ruts. As this has never been done in our community we have no idea of the implications to the outfields for future use as well as for the tournament the very next day. • Possibility of oil/gas leakage on the outfield surfaces from the cars • Over 200 cars would access Ball diamond # 1 utilizing the walking path which at the start and end of the event could impede foot traffic. • Safety concerns regarding the vehicle traffic as there is a Skateboard competition occurring at the same time and the Spraypark is open. • In the event of rain, the venue location would require change on short notice. • Access to diamond # 1 north gate is a very soft area and damages could occur • Combustion from cigarettes/hot exhaust always a possibility as the grass is not bagged. • Ramps for the vehicles would have to be sufficient and secure so that they did not move to get fire trucks over them.

- d) forest by-products, including wood chips and hogged material (see Appendix A),
 - e) manufactured *buildings* (see Appendix A),
 - f) wrecked vehicles in salvage yards, and
 - g) *dangerous goods* in packages or containers, as covered in Subsection 3.3.4.

3.3.2.4. Storage beneath Power Lines

1) Products covered in this Section shall not be stored beneath electrical power lines.

3.3.2.5. Fire Department Access

1) Except as provided in Sentence (2), an access route constructed in conformance with Subsection 3.2.5. of Division B of the ABC shall be provided to permit the approach of fire department vehicles to within 60 m travelling distance of any part of an *individual storage area*.

2) Where the total storage area exceeds 6 000 m², the access route required in Sentence (1) shall be connected with a public thoroughfare in at least 2 locations.

3.3.2.6. Fencing

- 1) An outdoor storage area shall be surrounded by a firmly anchored fence that is
 - a) substantially constructed to discourage climbing and unauthorized entry,
 - b) not less than 1.8 m high, and
 - c) provided with gates that shall be locked when the storage area is not staffed.
- 2) When in a fire department access route, the gates required in Clause (1)(c) shall be of adequate width and design, and in a location that readily permits the entry of fire department vehicles, in conformance with Article 3.3.2.5. (See Appendix A.)

3.3.2.7. Maintenance

- 1) Any access route, gateway or clear space required in this Section shall be
 - a) maintained in conformance with Section 2.5., and
 - b) kept free of obstructions and piles of snow.
- 2) Private hydrants, fire department connections and private valves controlling water supplies to fire protection systems shall be
 - a) maintained in conformance with Part 6, and
 - b) kept accessible to firefighters and their equipment at all times.

3.3.2.8. Ignition Sources

- 1) Unless controlled in a manner that will not create a fire hazard, a device, operation or activity that produces open flames, sparks or heat shall not be permitted in an outdoor storage area. (See A-4.1.5.2.(1) in Appendix A.)
- 2) Except as provided in Subsection 2.4.2., smoking shall not be permitted in an outdoor storage area.
- 3) Except as provided in Subsection 2.6.2., the burning of materials in an outdoor storage area shall be performed only in a burner that is
 - a) designed, constructed and maintained in conformance with good engineering practice, and
 - b) located not less than 15 m from a *building* or stored products.

3.3.2.9. Fire Safety Plan

- 1) A fire safety plan conforming to Section 2.8. and Sentences (2) and (3) shall be prepared.
- 2) The fire safety plan required in Sentence (1) shall identify
 - a) the location and classification of the products currently stored, as described in Sentence 3.3.1.1.(1),
 - b) the method of storage, including the clear spaces required and the maximum permitted size of *individual storage areas*,
 - c) the location of fire alarm systems and firefighting equipment, and
 - d) the control of fire hazards in and around the outdoor storage area.
- 3) At least one copy of the fire emergency procedures shall be prominently posted at the outdoor storage site.

3.3.2.10. Portable Extinguishers

- 1) Any *building* located in an outdoor storage area shall be provided with portable extinguishers.
- 2) Each motorized vehicle operating in an outdoor storage area shall be equipped with at least one portable extinguisher having a minimum rating of 2-A:30-B:C.

3.3.2.11. Site Preparation

- 1) The storage site shall be
 - a) level, and
 - b) solid ground or paved with asphalt, concrete or other hard surface material.

Recreation Board Request for Decision

Meeting Date: 5/5/2016

Subject: Collection of Refundable Beverage Containers

Recommendation:

That the Recreation Board accepts the Collection of Refundable Beverage Containers information as presented.

Background:

Over the last two years the Town has installed 13 new garbage/refundable beverage container bins around the community. There are now 15 such bins in total, with one side being garbage and the other being refundable beverage containers and 13 have decorative wrap on them. A grant was received this year to install 8 of the outdoor bins and as such have a reporting process that is required as to the number of refundable beverage containers collected.

Attached for the Recreation Board is the approved policy regarding the collection of beverage containers from these bins. The policy refers to collection of the Town's outdoor, refundable bins by a community user group for one year. Also attached is the procedure we will follow.

As per the policy and procedure, community user groups will be provided the opportunity to submit an application for their group to collect the refundable beverage containers for a period of one year (June 1st to May 30th). Council would like to see the Recreation Board review applications, make a selection and make that recommendation to Council each year. Attached is a draft application form for your review and feedback.

Once an organization is selected there is a requirement to preparing a short agreement outlining responsibilities for collection, sorting of materials, and reporting.

Legislation / Authority:

MGA s3

Strategic Plan Alignment:

Maintaining a safe community that is healthy, innovative and environmentally aware.

Financial Implication:

There is a component of the grant funding that was received that requires the Town to report the amount of refundable beverage containers collected to Alberta Beverage Container Recycling Corporation.

Service Level / Staff Resource Implication:	Staff resources will be required to advertise, and organize the program and set up an agreement. Beyond that the Town should see some minor cost savings with regards to labour as we would no longer be required to collect and redeem the refundable beverage containers. We would continue to collect the garbage from all bins.
Justification:	This process would encourage a partnership with user groups and provide a relatively easy way to give back to the community.
Alternative(s):	This RFD is to provide the Recreation Board with details regarding the new policy. Council approved this policy at their meeting held April 25, 2016.

Related Procedure No.: PS-REC-4	
Related Procedure Name: Collection of Refundable Beverage Containers	

Purpose

The purpose of this policy is to identify a process for Council to authorize user groups in the community to collect refundable beverage containers from the outdoor, refundable bins located throughout the community.

Policy Statement

- 1) Annually, the Town shall offer the money available through the return of refundable beverage containers deposited in the Town's outdoor recycling bins to a community group which volunteers to pick up the beverage containers.
- 2) The Recreation Board shall be involved in the selection process of a community group to collect refundable beverage containers from the outdoor bins and make a recommendation to Council.
- 3) An agreement with the selected user group would be required in order to meet the grant requirements relating to the number of refundable beverage containers collected.
- 4) The agreement with the user group will be for a period of one year providing equal opportunities to various groups.

Related Policy No.: PS-REC-4	
Related Policy Name: Collection of Refundable Beverage Containers	

Purpose

The purpose of this procedure is to implement a process for the collection of refundable beverage containers from the Town of Taber's outdoor, refundable bins located throughout the community.

Operating Guidelines

- 1) Annually, in January, the Recreation Department shall advertise to the community user groups the program to apply for the opportunity to collect the refundable beverage containers for that year.
- 2) From the applications received, Administration will prepare a list of applicants for the Recreation Board to review at their March meeting.
- 3) The Recreation Board shall review the applicants and provide a recommendation to Council based on: merit of proposal, need, and community involvement.
- 4) Council will then review the Recreation Boards recommendation and make its decision.
- 5) Once a decision is made, the user group will be required to enter into an agreement with the Town of Taber that outlines the expectations of the partnership.
- 6) It is the intention that each group would collect the beverage containers from June 1st of the year of award to May 31st of the subsequent year.
- 7) User groups would be required to apply annually as the agreement will be for a one year period.
- 8) Expectations will include such items as access to the outdoor, refundable bins, sorting, and especially reporting the number of refundable beverage containers collected.
- 9) Groups will keep 100% of the money earned.
- 10) Administration shall report the total number of refundable beverage containers collected to the Alberta Beverage Container Recycling Corporation.
