# ***Taber Trout Pond***

Officially opened on July 21, 2018, the new Trout Pond is our brand-new recreation facility made for everyone to enjoy! Located just west of Highway 864, it is the perfect summer getaway right in your backyard. Non-motorized boats are welcome on the pond, so don't forget to bring your kayaks or paddleboards the next time you visit. If fishing is more your style, you can try to catch one of the Silver Steelhead Trout that calls the pond home. Or if you just want to relax and enjoy the prairie landscape that surrounds you, take a leisurely stroll on over 3 kilometers of paved walking trails that loops all the way around the pond and even down into the coulees.

There's something here for the entire family to experience. The revitalization of the Trout Pond is just in its infancy, with more amenities to be added in future years. We hope you continue to come back to see what's new and discover all the activities available here!

### Bronze Medallion/ Bronze Cross with CPR-C

Bronze Medallion teaches an understanding of the lifesaving principles used for water rescue. Participants develop skills in preparation for challenging water rescues involving conscious and unconscious victims of various types. Participants work on stroke efficiency and complete timed swims.

Bronze Cross continues with more advanced lifesaving principles and skills as well as introduces safe supervision in aquatic facilities. The completion of Bronze Cross also earns the participant the CPR-C certificate. Bronze Cross is the prerequisite for all advanced training programs, including National Lifeguard and Lifesaving Instructor.
