

## Radar Speed Sign

<b>Policy No.:</b> PS-PW-3	<b>Council Resolution No.:</b> 270/2022
<b>Department:</b> Engineering & Public Works	<b>Authority:</b> Council
<b>Effective Date:</b> May 13, 2019	<b>Revision Date:</b>
<b>Review Date:</b> August, 2025	<b>Repealed Date:</b>
<b>Supersedes:</b>	
<b>Related Procedure No.:</b> PS-PW-3	
<b>Related Procedure Name:</b> Radar Speed Sign	

### 1.0 PURPOSE

- 1.1 The Municipality has acquired portable radar speed signs to enhance the Town's public safety by providing another level of public education to citizens regarding speed limits within the Town.

### 2.0 POLICY STATEMENT

- 2.1 Radar speed signs are active speed signs, showing drivers their speed while on roads throughout the community. These interactive signs show and deliver a message to drivers if they are speeding or following the posted speed limits. The signs collect daily data allowing for analysis and research for further use. The signs are not automated traffic enforcement (photo radar) signs.
- 2.2 The sign will not be a permanent installation; it will be a portable unit placed throughout the Town on a rotating basis, allowing for as much data feedback as possible.
- 2.3 Management of the Radar Speed Sign will occur within the Traffic Committee with involvement from the Public Works Department.
- 2.4 This Policy will work in effect with the Town of Taber Traffic Control Bylaw and the Traffic Safety Act.
- 2.5 Administration shall develop a procedure for this policy and it shall be responsible to ensure that the spirit and intent of the policy is adhered to.
